

The Business View Panel

We hit the ground running for 2010 with three fabulous business women Angela Vithoukias (VIVO Cafes), Charmaine Papallo (babybuds) and Julia Bickerstaff (The Business Bakery) opening up the floor to answer questions on how they manage their businesses. With our speakers having three different styles of management, we soon discovered that each style can be used effectively to create a successful business.

We were entertained by our speaker's charismatic personalities to find out how they set up their businesses, their work relationships, development and success of their businesses and how each of them handle day to day situations.

The Business Panel was a great way to start the New Year, as they gave us the confidence and inspiration to power through the tough times and keep going.

Our Speakers! - Angela Vithoukias, Charmaine Papallo and Julia Bickerstaff
