

## Cocktail Event - Miramare Gardens April 8

How to transform a "blank canvass" from work to weekend to WOW! was the topic of our latest Networking evening. Led by Paula Gyaneshwar, Personal Stylist and Image Consultant, this interactive presentation saw our members and guests guided through the process of building a base wardrobe designed to suit your personal style and body shape that can be adapted to fit the many roles we working women juggle in our lives.

Paula shared her experience, insight and practical tips that will assist us in developing our own personal style so we can project the confidence that makes an important contribution to business success. Guests also received a "goodie bag" thanks to St Ives Shopping Village, our evening sponsors, that featured a raft of great offers and products including a \$25 Blue Illusion Gift voucher and a Salon Only styling product.
